## Sustainable Practices:

My hand-made dog biscuits are 90 percent organic. Most of my ingredients are bought at local stores and from the Farmers' Market. I do all the baking and packaging at my home in Orick.

We make the chicken stock from scratch--the old-fashioned way--using USDA inspected Free Range chicken.

We do not use any By-Products, Digests, Rendered Animals, Meals, Fillers, Sugars, Chemicals, Dyes or Preservatives. These biscuits are handmade with loving care for your companion animals.

I'm also growing more of the ingredients myself this season; carrots, beets and squash. We raise our own free-range chickens for our eggs.

The finished product is a crunchy taste biscuit, and a nutritional snack.

## Owned By:
