Sustainable Practices:

My business is very small and I buy my ingredients from local farmers and individuals that have small operations as well. I purchase the rest of my ingredients from the Co-op, most often in bulk.

Because the family farms I source ingredients from are small, it keeps the impact on the environment and wildlife minimal.

I use Humboldt Creamery milk from the Co-op and my eggs are from small family farms who are kind to their free-range chickens or from the Co-op.
