Zinfandel

Trust Your Source

Old Growth Cellars

Grown:

Calpella

(152 miles from production facility)

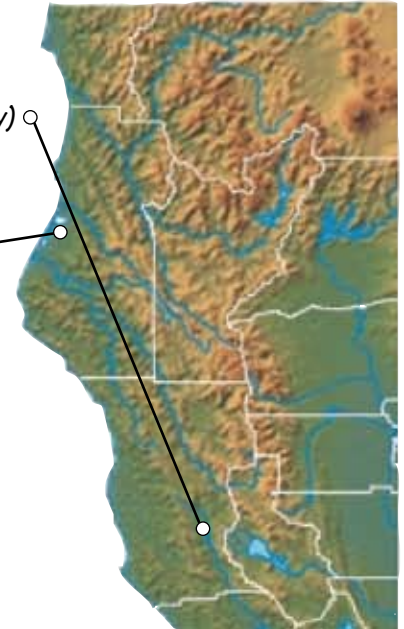

Produced:

Petrolia

Miles Transported:

To Arcata: 6

To Eureka: 7

Contact: www.oldgrowthcellars.com

Sustainable Practices:

Our grapes are grown with minimal pesticides and fertilizers.

We use no hormones, antibiotics or genetically modified organisms.

Farmers conserve water and soil and provide safe and fair working conditions for our laborers.

The winery uses a catchwater system that

captures rain water from the roof, uses a double filtration method, and stores it in a 1550 gallon tank.

The water is used in the winery for cleaning and barrel soaking. This system helps minimize the use of electricity and ground water in the winemaking process.

Owned By:

Owners/Winemakers Steve Garrett and Jim Pastori have turned their passion for fine wines into a successful partnership.

They started making wine in 1999 and started selling commercially in 2002.
