To Eureka: 13

### Sustainable Practices:

Wild Rose Farm is a certified organic farm located on West End Road between Blue Lake and Arcata.

Blake Richards has been farming there since 1997.

Mild coastal weather and plentiful water from the nearby Mad River provide excellent growing conditions for Blake's crops: primarily spinach, beets, cilantro, chards, and kales. His chards and beets are dry farmed.

Over the years, Blake has helped countless young Humboldt County farmers by providing them with tracts of land on which to start their own farming endeavors.

He cares deeply about our community, and consistently prices his produce below market price in order to provide Humboldt County with affordable organic produce.
